

APPLICATION AND ENROLLMENT PROCESS

PREPARATION

Please find information on **application** and enrollment as well as on the respective application and admission procedure for the desired **degree program**.

APPLICATION

Please check the **application deadlines**:

- [pharmacy and veterinary medicine](#);
- [undergraduate degree programs](#);
- [consecutive Master's programs, continuing education Master's programs and Master of Education degrees](#).

ENROLLMENT

You must actively **accept an offer of admission** within the specified period after receiving it, if necessary:

- **Deadlines for accepting the study place** in the [application portal](#) of Freie Universität Berlin;
- **Deadlines for enrollment** according to the letter of admission or in the [application portal](#) of Freie Universität Berlin.

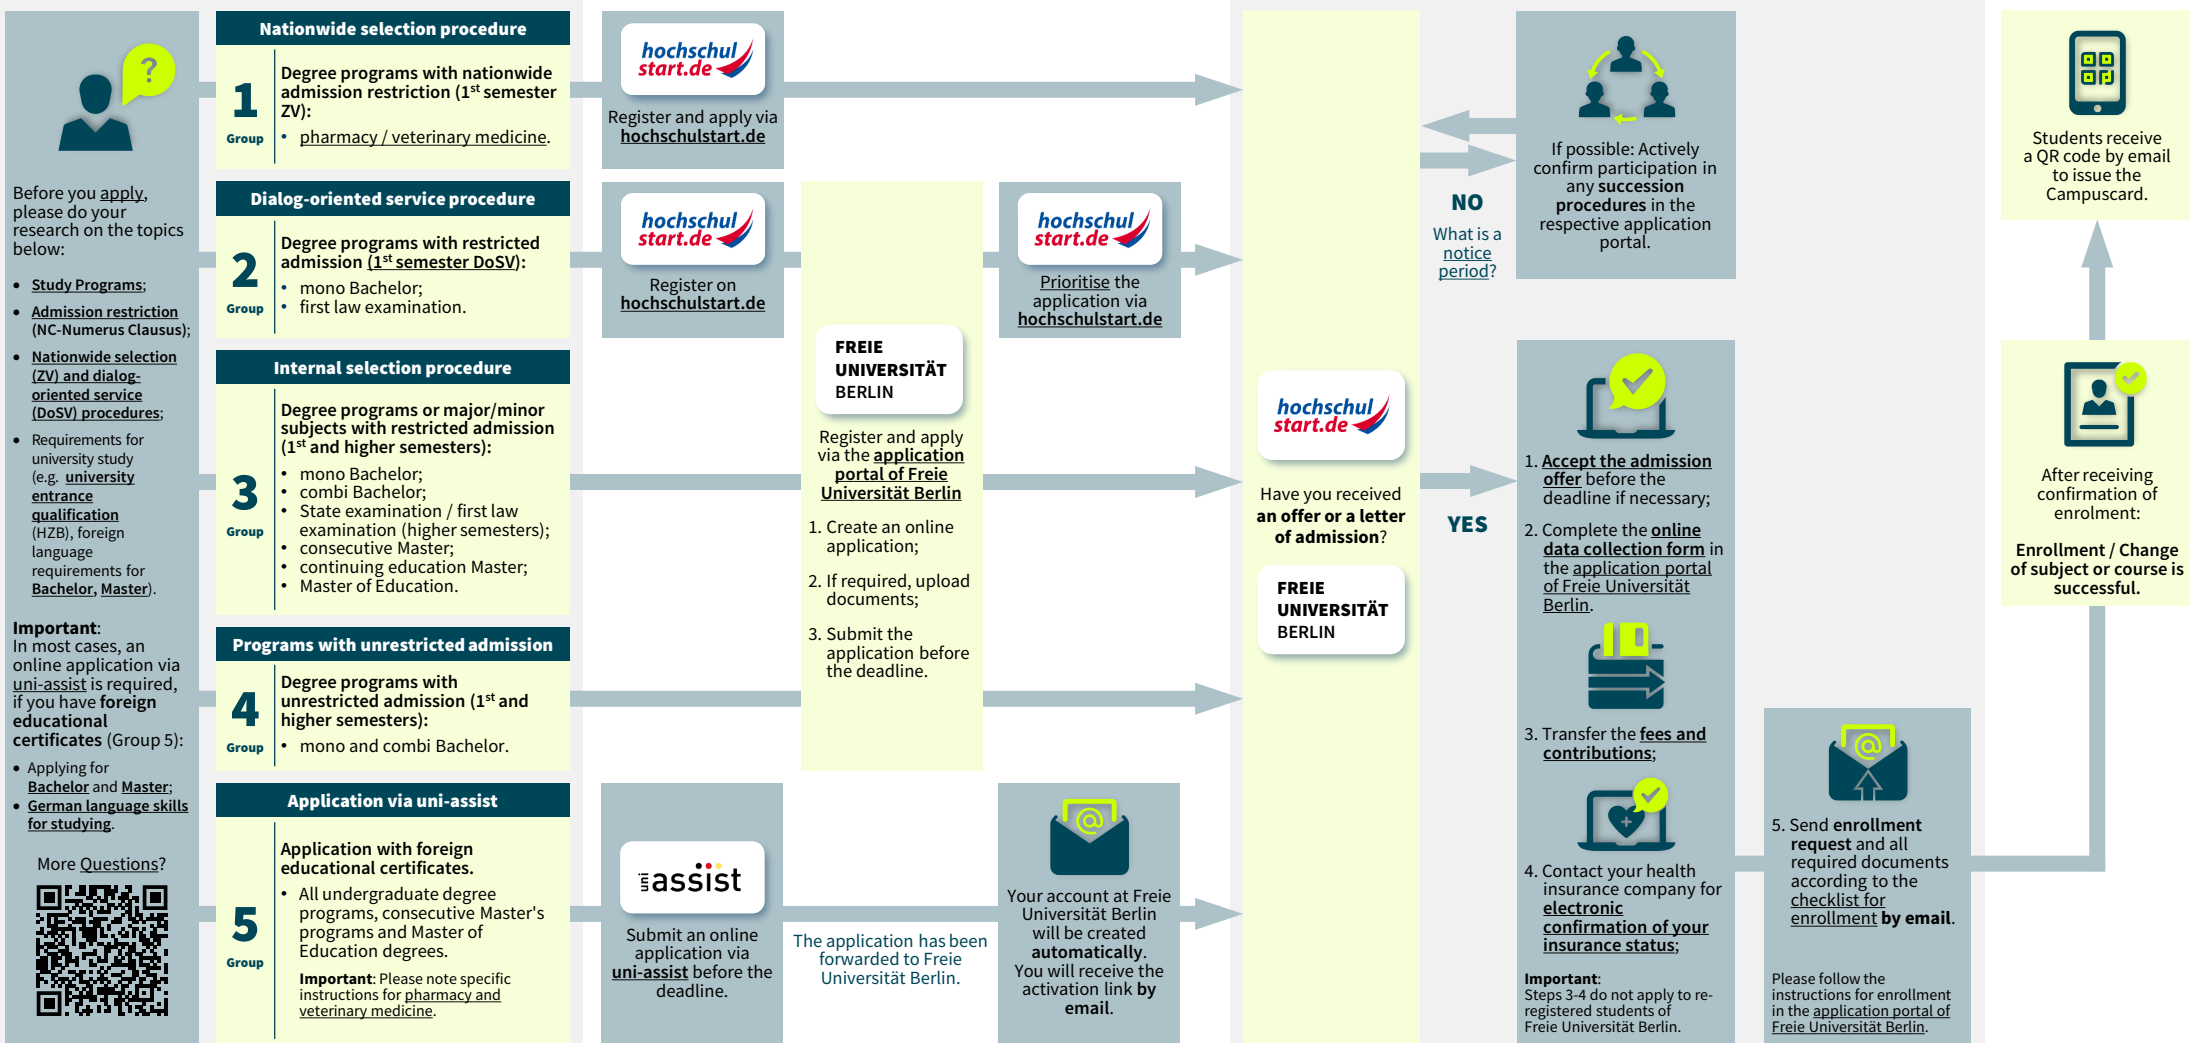

STUDY

Useful information about [starting the studies](#).

[Semester duration and important dates](#).

Students receive a QR code by email to issue the Campuscard.

After receiving confirmation of enrolment:
Enrollment / Change of subject or course is successful.

Before you apply, please do your research on the topics below:

- **Study Programs**;
- **Admission restriction (NC-Numerus Clausus)**;
- **Nationwide selection (ZV) and dialog-oriented service (DoSV) procedures**;
- Requirements for university study (e.g. [university entrance qualification \(HZB\)](#), foreign language requirements for [Bachelor, Master](#)).

Important: In most cases, an online application via [uni-assist](#) is required, if you have **foreign educational certificates** (Group 5):

- Applying for **Bachelor and Master**;
- **German language skills for studying**.
